✳ cecrōpia

Let's make beautiful technology together.

We help build the technology that businesses and consumers use every day.

You have exciting technology goals for your business, and we can help you bring them to life.

Cecropia Solutions is an Austin-based technology company with more than 100 employees and two development centers in Costa Rica.

WHAT WE DO:

- *Software Development*
- *Mobile Application Development*
- *QA and Test Automation*
- *Embedded Development*
- *Agile Scrum Methodology*
- *Project Management*

WHY CECROPIA?

- **Don't have the bandwidth to do on-the-job training?** *We have smart, experienced engineers, well-versed in the latest languages, technologies, and methodologies.*
- **Are personnel turnover and continuity jeopardizing delivery dates?** *We have one of the highest retention rates in the industry.*
- **Can't find quality recruits in a competitive job market?** *Every one of our employees is a top university graduate.*
- **Looking for a Cloud solution or mobile app?** *We've helped create mobile apps that have more than 20 million users.*
- **Got a big idea that demands a sharp technology team?** *If you can dream it, we can build it … and we have references to prove it.*

WHY COSTA RICA?

- **Central Time Zone** *… we work when you work*
- **Closer than you think** *… 3.5-hour flight from Houston*
- **Strategic investments in education and infrastructure** *… military abolished in 1949*
- **Fluent in English and Spanish**

YOUR INTELLECTUAL PROPERTY IS SAFE IN COSTA RICA

- The country is party to the WTO Agreement on Trade-Related Aspects of Intellectual Property (TRIPS).

- Costa Rica is a member of the World Intellectual Property Organization (WIPO) and has adopted the WIPO Copyright Treaty covering information technology.

- In 2008, the Costa Rican Legislative Assembly ratified all copyright provisions and Intellectual Property Observance Laws (IPOL) associated with CAFTA

QUALITY ASSURANCE

- We are the industry leader in QA, having pioneered a rapid development process for test automation scripts.

- Our unique process is structured, easy to learn, and can be applied with consistency across a broad range of technologies.

- Our process = bottom line savings

QA hours logged since 2011 (through 01-14)

60,437

THE CECROPIA TREE

Our company is named after the cecropia tree, a native "pioneer species" known for facilitating rapid, healthy growth in the rainforest.
